

# Know the Signs of Stroke and *Get Help Fast!*

To check if someone is having a stroke,  
ask the person to **give you five.**

## Things to look for or ask:

1. **Walk** – Is their balance off?
2. **Talk** – Is their speech slurred or face droopy?
3. **Reach** – Is one side weak or numb?
4. **See** – Is their vision all or partially lost?
5. **Feel** – Is their headache severe?

If you see someone showing  
any of these signs,  
**CALL 911 FAST!**
